Guidelines for the Creation of the Internal Quality Assurance Cell (IQAC) and Submission of Annual Quality Assurance Report (AQAR) in Accredited Institutions

Introduction

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, institutions need to channelize its efforts and measures towards promoting the holistic academic excellence including the peer committee recommendations.

The guidelines provided in the following pages will guide and facilitate the institution in the creation and operation of the Internal Quality Assurance Cell (IQAC). The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives.

Its success depends upon the sense of belongingness and participation in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies by IQAC to remove deficiencies and enhance quality like the "Quality Circles" in industries.

IQAC – Vision

To ensure quality culture as the prime concern for the Higher Education Institutions through institutionalizing and internalizing all the initiatives taken with internal and external support.

Objective

The primary aim of IQAC is

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Strategies

IQAC shall evolve mechanisms and procedures for

- a) Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- b) Relevant and quality academic/ research programmes;
- c) Equitable access to and affordability of academic programmes for various sections of society;
- d) Optimization and integration of modern methods of teaching and learning;
- e) The credibility of assessment and evaluation process;
- f) Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- g) Sharing of research findings and networking with other institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- a) Development and application of quality benchmarks
- b) Parameters for various academic and administrative activities of the institution;
- c) Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- d) Collection and analysis of feedback from all stakeholders on quality-related institutional processes;
- d) Dissemination of information on various quality parameters to all stakeholders;
- e) Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- f) Documentation of the various programmes/activities leading to quality improvement;
- g) Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- h) Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality;
- i) Periodical conduct of Academic and Administrative Audit and its follow-up
- j) Preparation and submission of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC.

Benefits

IQAC will facilitate / contribute to

- a) Ensure clarity and focus in institutional functioning towards quality enhancement;
- b) Ensure internalization of the quality culture;
- b) Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;
- c) Provide a sound basis for decision-making to improve institutional functioning;
- d) Act as a dynamic system for quality changes in HEIs;
- e) Build an organised methodology of documentation and internal communication.

Composition of the IQAC

IQAC may be constituted in every institution under the Chairmanship of the Head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists and representatives of local management and stakeholders.

The composition of the IQAC may be as follows:

1. Chairperson: Head of the Institution
2. Teachers to represent all level (Three to eight)
3. One member from the Management
4. Few Senior administrative officers
5. One nominee each from local society, Students and Alumni
6. One nominee each from Employers /Industrialists/Stakeholders
7. One of the senior teachers as the coordinator/Director of the IQAC

The composition of the IQAC will depend on the size and complexity of the institution, accordingly the representation of teachers may vary. It helps the institutions in planning and monitoring. IQAC also gives stakeholders or beneficiaries a cross-sectional participation in the institution's quality enhancement activities. The guidelines given here are only indicative and will help the institutions for quality sustenance activities.

The membership of such nominated members shall be for a period of two years. The IQAC should meet at least once in every quarter. The quorum for the meeting shall be two-third of the total number of members. The agenda, minutes and Action Taken Reports are to be documented with official signatures and maintained electronically in a retrievable format.

It is necessary for the members of the IQAC to shoulder the responsibilities of generating and promoting awareness in the institution and to devote time for working out the procedural details. While selecting these members several precautions need to be taken. A few of them are listed below:

- ♦ It is advisable to choose persons from various backgrounds who have earned respect for integrity and excellence in their teaching and research. Moreover, they should be aware of the ground realities of the institutional environment. They should be known for their commitment to improving the quality of teaching and learning.
- ♦ It is advisable to change the co-ordinator after two to three years to bring new thoughts and activities in the institution.
- ♦ It would be appropriate to choose as senior administrators, persons in charge of institutional services such as library, computer center, estate, student welfare, administration, academic tasks, examination and planning and development.
- ♦ The management representative should be a person who is aware of the institution's objectives, limitations and strengths and is committed to its improvement. The local society representatives should be of high social standing and should have made significant contributions to society and in particular to education.

The role of the Coordinator

The role of the coordinator of the IQAC is crucial in ensuring the effective functioning of all the members. The coordinator of the IQAC may be a senior/competent person with experience and exposure in quality aspects. She/he may be a full-time functionary or, to start with, she/he may be a senior academic /administrator entrusted with the IQAC as an additional responsibility. Secretarial assistance may be facilitated by the administration. It is essential that the coordinator may have sound knowledge about the computer, data management and its various functions such as usage for effective communication.

Operational Features of the IQAC

Quality assurance is a by-product of ongoing efforts to define the objectives of an institution, to have a work plan to achieve them and to specify the checks and balances to evaluate the degree to which each of the tasks is fulfilled. Hence devotion and commitment to improvement rather than mere institutional control is the basis for devising procedures and instruments for assuring quality. The right balance between the health and growth of an institution needs to be struck. The IQAC has to ensure that whatever is done in the institution for “education” is done efficiently and effectively with high standards. In order to do this, the IQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

The coordinator of the IQAC will have a major role in implementing these functions. The IQAC may derive major support from the already existing units and mechanisms that contribute to the functions listed above. The operational features and functions discussed so far are broad-based to facilitate institutions towards academic excellence and institutions may adapt them to their specific needs.

The institutions need to submit yearly the Annual Quality Assurance Report (AQAR) to NAAC by end of September every year positively. A functional Internal Quality Assurance Cell (IQAC) and timely submission of Annual Quality Assurance Reports (AQARs) are the Minimum Institutional Requirements (MIR) to volunteer for second, third or subsequent cycle's accreditation. During the institutional visit the NAAC peer teams will interact with the IQACs to know the progress, functioning as well as quality sustenance initiatives undertaken by them.

The Annual Quality Assurance Report (AQAR) may be the part of the Annual Report. The AQAR shall be approved by the statutory bodies of the HEIs (such as Governing Council/ Executive Council/Board of Management) for the follow up action for necessary quality enhancement measures.

The IQACs may create its exclusive window tab on its institutional website for keeping the records/files of NAAC, Peer Team Reports, AQAR, and Certificate of Accreditation Outcomes and regularly upload/ report on its activities, as well as for hosting the AQAR.

Revised Accreditation Framework

NAAC has launched Revised Accreditation Framework since July, 2017 and hence AQAR format also modified, in cognizance with the new methodology. The tools and parameters are designed in the new AQAR format are in such a way that the preparation of AQAR would facilitate the HEI's for upcoming cycles of Accreditation. Data collected/prepared infuses quality enhancement measures undertaken during the years. Further, it also adds quality enhancement and quality sustenance measures undertaken in teaching, learning, research, extension and support activities of the Institution. It is hoped that new AQAR would facilitate Educational Institutions for creating a good database at Institutional level for enhancing the quality culture.

As per the Revised Accreditation Framework (RAF), the NAAC Accredited institutions need to submit the AQAR online. NAAC is in the process of ICT integration in Assessment and Accreditation. The login id for the online submission for AQAR submission will be the e-mail id used for the IIQA. The AQAR submission is part of the post accreditation module, in due course of time. NAAC portal will have the facility to submit the AQAR online and Institutions will receive automated response. AQAR of the preceding year be submitted to the NAAC within six months i.e. the institutions should submit the AQAR before 31st December of every year.

The Higher Education Institutions need not submit the printed/hard copy of AQAR to NAAC.

Mandatory Submission of AQAR by IQAC

The Executive Committee of NAAC has decided that **regular submission of AQARs is mandatory for 2nd and subsequent cycles of accreditation with effect from 16th September 2016:**

The following are the pre-requisites for submission of IIQA for all Higher Education Institutions (HEIs) opting for 2nd and subsequent cycles of A& A:

- Having a functional IQAC.
- The minutes of IQAC meeting and compliance to the decisions should be uploaded on the institutional website.
- Mandatory submission of AQARs on a regular basis for institutions undergoing the second and subsequent cycles of Assessment and Accreditation by NAAC.
- Upload the AQAR's on institutional website for access to all stakeholders.

Note: The terms and abbreviation used in AQAR are in accordance with respective manuals for assessment of NAAC. Please refer institutional manual for glossary and abbreviations terms used in AQAR.

The Annual Quality Assurance Report (AQAR) of the IQAC

(For Affiliated/Constituent Colleges)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. *The AQAR period would be the Academic Year. (For example, July 1, 2017 to June 30, 2018)*

| <p>The Curriculum followed is as per the Learning Outcomes-based Curriculum Framework (LOCF) - CBCS implemented by University of Delhi. A large number of faculty members from different departments in college have contributed to the revision of the current undergraduate syllabi. The curriculum is complemented with additional information/resources/hands on activities/projects and value added initiatives by the faculty members from all Departments. Learning is enhanced by having a robust Tutorial system and routinely organising Lectures/Workshops/Conferences by eminent academicians. Faculty members are free to innovate and adopt new teaching methods and also pursue research. Students are encouraged to excel in their chosen subjects, engage in undergraduate research activities along with faculty members and develop soft skills through a multitude of extracurricular activities. The Student Faculty Committee comprising the Head of the Department, two faculty members from the department and two class representatives from I, II and III year meet once every semester to discuss matters pertaining to academics, reading materials, library resources, laboratory skills, completion of syllabi etc. The Principal meets the faculty members of each department to discuss academic matters every semester. Feedback is also sought from students by some faculty members at an individual level. The final year students are encouraged to fill a 'Student Satisfaction Survey' on 'Teaching and Learning'.</p> | | | | |

| The Student Faculty-Committees constituted at the departmental level meet regularly every semester. All concerns brought up by the students are addressed. The minutes of the meeting are shared with the principal. Starting this year the final year students have been encouraged to fill the Student Satisfaction Survey on 'Teaching and Learning' available on the college website. This will be utilised for improving the quality. The faculty can provide feedback during the Staff Council Meetings and on the 'Suggestion and Feedback Portal' linked to the Online Academic Management Portal Dashboard for all faculty members. No formal mechanism is in place to obtain feedback from parents and alumni. The parents are free to meet the faculty members and Principal any time during the academic year. |

| 2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words) |
|---|
| An informal student mentoring system is followed by all departments. Faculty members devote a lot of time personally interacting with students and guiding them with respect to choice of papers, projects, |

summer training etc. Positive Student-Teacher interactions both inside and outside the classroom has resulted in students approaching faculty extensively for career and personal guidance. Some departments also have final year students mentoring the junior students. Cases of irregularities are brought to the Principal's notice. The college also has a 'Wellness Centre' and a trained counsellor who is available twice a week. In addition the resident students can approach the Dean and Associate Dean of Residence, their respective block tutors and Wardens. Apart from faculty members career counselling is also provided by numerous experts called to deliver lectures/ conduct workshops by different societies in college as well as the Campus Placement Cell.

| 2.5.2 Reforms initiated on Continuous Internal Evaluation (CIE) system at the institutional level (250 words) |
| <p>The following methods were adopted by various departments in college</p> <ul style="list-style-type: none"> • Use of ICT tools in formative assessment. • Open Book examinations were conducted for students. • Paper presentations and seminars given in class were considered a part of the continuous internal evaluation. • Research review based assignments were routinely given to enhance the understanding of the subject. • Submitting Online Assignments were part of the continuous evaluation. • Students were given the freedom of choosing a topic to write their assignments. They could research on an entirely new topic (though related to the syllabus content) which intrigued them during the teaching and discussions in the classroom. The exercise enabled the students to enhance their knowledge base and scientific thinking skills. • Project Report submission of the visit to the Department of Environmental Studies counted towards Internal Assessment marking in the lab in the Chemistry Department. • In the Environmental Science classes internal assessment was done by giving students regular quizzes after each presentation, multiple choice questions, short answer type questions, etc. The students took active interest in the quiz as they included questions from the presentation as well as outside the presentation but related to the topic, in order to enhance their knowledge. Small gifts like candies/eco-friendly pencils with seeds, etc. were awarded for each correct answer which made the quiz even more rewarding. In addition, power point presentation was made by the students as part of Internal Assessment. • Susan Sreemala Yadavalli, student of B.A. Programme, submitted a dissertation titled “Understanding Grief through the Death of Jayalalitha” in lieu of a Discipline Specific Elective in Political Science. |

5.3.2 Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The Students' Union Society has been working as an active body in the College since the beginning of the Academic Year 2018-19. All the events organized by the Union reflected the diversity of the college from its very beginning. The Common Fresher's held on 20th of September was its first event which saw active participation from the junior members. With regard to student grievances, the Union was able to act as a bridge between the administration and the students in clarifying issues regarding the term bill. On the academic front, the Students' Union Society was able to extend the Library timings to 7 pm on weekdays in the odd semester, which will soon be followed in the even semester. In addition to this, permission was sought to keep Rooms A, B and C open from 7 pm to 10 pm considering the academic benefits for the juniors members in College. The lunch timings of the office were also officially changed for the convenience of the junior members. For the first time, the Union enabled the selection of two lady day-scholars as representatives of the LCR.

The society played an important role in improving the maintenance and sanitation facilities of the washrooms. The society worked towards the need to install new ramps in College for the convenience of the differently abled junior members. Fumigation was conducted in all residence blocks. A report for improving the gym facilities in College has been submitted which is under review. A short awareness video about the presence of an incinerator in the ladies' washroom was also made by the Union. The Union was also able to discontinue the tedious procedure of submitting hard copies of event permission letters to the Estate Officer. The Diwali celebrations were organized by the Union along with the JCR on 7th November with many competitions, a puja and a movie screening.

The even semester also saw the Union hosting a talk by Dr. Shah Faesal on 9th February 2019, under the wing of the Academic Cell, on the role of youth in J&K politics. Resmataaz, the inter-block competition for the resident students in College was organized on 16th and 17th February. This was followed by the College Fest- Harmony, on 1st, 2nd and 3rd of March, which witnessed most of the junior members helping the Union in all possible ways to make it a success. This was also accompanied by three days of fun and games. The graduation dinner was held on 27th April, 2019.

Students are elected to the Internal Complaints Committee of college. They participate in deliberations of the committee in matters involving students only. The elected class representatives are members of the Students-Faculty Committee set up for each course. The Students Union Society president is a member of the IQAC.

5.3 Alumni Engagement

5.3.1 Whether the institution has registered Alumni Association? Yes/No, if yes give details (maximum 500 words): No

5.3.2 No. of ~~registered~~ enrolled Alumni: 3000

5.3.3 Alumni contribution during the year (in Rupees): Rs. 6,49,000

5.3.4 Meetings/activities organized by Alumni Association :

The College Alumni has started regular functioning through an Alumni office in College. The office is maintained by a secretary who collates and coordinates information pertaining to alumni at local, national and international levels. The Alumni is structured and functions through a core Alumni committee,

currently comprising thirteen members from across India and the world. Meetings are held on a regular basis to ensure that maximum participation from alumni is encouraged. There are several chapters in India and globally and these chapters are encouraged to participate in alumni activities. Since the members are from different parts of the world and India, at times, the meeting is also conducted using Skype or other relevant technology. The meetings are successful in that they generated renewed interest in the College and activities which are academic, recreational and mentor-oriented.

CRITERION VI –GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The Departments and faculty function independently and also decide on the student specific activities/lectures/workshops and other programmes to be implemented. Six Centres of Excellence have been set up to promote research activity and each of them has a faculty member as the co-ordinator. Student–Faculty meetings are convened regularly. Department wise meeting between the faculty and Principal also take place regularly. A Staff Council meeting is convened every semester. The Governing Body has four teacher representatives on board. Faculty members have representation in various committees set up by the Principal (Grievance Redressal Cell, Anti-Ragging Committee, Finance Committee, Internal Complaints Committee, College Purchase Committee etc.). Forty academic/cultural societies and clubs function in college. They provide a platform to students to express themselves and further hone their skills. Each society/club has a staff advisor associated with it. Student members are the office bearers of each society/club functioning in college.

The admission process to college is completely online. The students are selected based on Class XII marks, performance in the aptitude test and performance in the Interview. The faculty members of each department are involved in the framing of the aptitude test and are members of the Interview panel for selection of students.

6.1.2 Does the institution have a Management Information System (MIS)?

Yes/No/Partial: Partial

The College has a tailor-made Management Information System (MIS) which is being implemented in phases to make the entire administration, accounts and student interface entirely paperless. The academic Management Portal is operational for both junior and senior members. All applications (Permissions/requests/room bookings for events/leave applications) are e-filed by students and faculty. The Time-Table, Attendance and Internal Assessment records are also filled directly on the portal. The admission process is completely online. The Library is completely automated. The accounts office uses the software mandated by UGC for their official work. Students pay the fees online and the PFMS is operational.

6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

- ❖ Curriculum Development: The University of Delhi approved CBCS curriculum is followed. Several faculty members are part of Curriculum restructuring and revision Committees constituted

| |
|---|
| by University of Delhi. The curriculum is enriched by organizing lectures/workshops/ conferences for the benefit of the students. e-resources were used for additional information sharing |
| ❖ Teaching and Learning: Along with conventional blackboard teaching, various ICT tools such as power point presentations, animations, videos and other e-resources are used. Case studies, demonstrations, quizzes are used to explain concepts to students and create interest in the subject. Project work is allotted to students to promote original thinking and enhance their understanding of the subject. A robust tutorial system helps to address the queries of the students and develop a healthy student–teacher relationship. Faculty members innovate and continuously improve the learning process. Prominent academicians/resource persons also visit college and interact with the students. |
| ❖ Examination and Evaluation: Continuous internal evaluation is done following different methods like tests, assignments, presentations and projects. The University conducts the semester end theory and practical examinations. The faculty members are involved in paper setting, moderation and evaluation. |
| ❖ Research and Development: Faculty have been awarded major and minor projects funded by UGC, DST and other funding agencies. Some faculty are guiding students for a Ph.D. degree. The college provides necessary support for research and development activities. Workshops/Seminars/ Conferences are routinely organized to cultivate research interest in undergraduate students. Seven centres of excellence, Centre for Theoretical Physics, Centre for Experimental Physics, Centre for Economic Excellence, Centre for Gender Culture and Social Processes and Centre for Translational Studies promote research activity among students. |
| ❖ Library, ICT and Physical Infrastructure / Instrumentation College has a well-stocked automated library with Wi-Fi facility. Every year the latest books catering to the curriculum and advanced reading material are added to the collection. The IT infrastructure is updated regularly and this year the submission of the time table was online on the Academic Management Portal. |
| ❖ Human Resource Management: Faculty and Non -teaching staff are encouraged to participate in workshops/conferences and development programmes. The college also sponsors the participation in such programmes. Recruitments to faculty and non- teaching positions is as per UGC and University guidelines. |
| ❖ Industry Interaction / Collaboration: Departments are encouraged to make their courses of study relevant to industry. Industrial visits, lectures by industry experts and domain experts are regularly conducted. College also collaborates with foreign Universities and has exchange programmes. |
| ❖ Admission of Students: The admission process is completely online. The applicant must satisfy the eligibility conditions of university of Delhi. Admission is given on the basis of the candidate's academic record, performance at the aptitude test and the interview. A help desk is set up to address all queries along with a newly introduced chat facility for applicants. |

6.2.2 : Implementation of e-governance in areas of operations:

| |
|---|
| ❖ Planning and Development: All applications are routed through the e-filing system. Most internal communication is online. |
| ❖ Administration: The Academic Management Portal for the students and faculty is functional. All |

| |
|---|
| applications are processed through the portal. The internal assessment, attendance, time table and feedback are also sought online. Recruitment advertisements and notifications are published on the website. Information about academics, administration, facilities and statutes is available online. The College is steadily progressing towards achieving a paperless office through phase-wise implementation of a tailor-made Management Information System. |
| ❖ Finance and Accounts: The accounts office uses the software Tally for proper maintenance of financial records. Fee payments are on line. The PFMS has been implemented. |
| ❖ Student Admission and Support: The admission process is completely online. Grievance redressal procedure during admissions is also online. Students are provided with access to the student academic management portal. |
| ❖ Examination: Examinations are conducted by University of Delhi. The results are available online. The attendance and Internal Assessment are uploaded on the academic management portal. Students can also view the attendance and internal assessment. |

7.1.7 Initiatives taken by the institution to make the campus eco-friendly (at least five)

- The entire college observed the Environmental Fortnight. Environmental Society participated in full vigor. The Fortnight proved instrumental in helping the implementation of many positive steps.
- The ban of plastic packaging in the cafeteria.
- Weekly collection of posters printed by societies for recycling.
- The Green Diwali Campaign: Activities undertaken as part of the campaign included an enjoyable offline poster-making session by reusing old posters and announcements in the morning assembly to increase awareness about negative-effects from using crackers, followed by a collection drive on campus for underprivileged refugee children which culminated in a day visit to a school for refugee children in the Jasola camp. This visit was especially meaningful as the society members were able to bring the light of happiness to the lives of over 60 children, thereby celebrating the festival of lights in its truest sense.
- The Environmental society launched the Global Impact Challenge- a pan-India social B-Plan Competition, the first of its kind in Delhi University. The ultimate objective of this event was to find and fund impactful and innovative projects. The event, hosted in association with Reap Benefit, an NGO based in Bangalore, promised winners seed-level funding of Rs. 15,000, expert mentorship, and an internship with the NGO. Five teams have successfully implemented their projects.
- A pilot project for Waste Management was started by installing new bins, with the aid of the Rotary Club in October 2018. Over time, this has grown into a full-fledged attempt on the part of Environmental Society, as well as the college, to turn the campus into a truly green one. The entire team of Environment Society surveyed the campus and curated an extensive database regarding the present bin locations and conditions.
- The College and the society unanimously decided to start with waste segregation in a phased manner, beginning with the Residence blocks. Separate bins for plastic waste, paper waste, and everything else will be installed in the required number in each residence block and the waste will

be recycled appropriately.

- Old books and notebooks collected from students were recycled and made into fresh 100 notebooks.
- To minimize the waste generated in the labs is an ongoing process.
- Submission of records and applications for requests/permissions is a completely online facility.

7.2 Best Practices

Describe at least two institutional best practices

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link.

a) College continues to encourage its students to strictly follow the two tenets which have made it the leading educational institution in India. The two qualities are those of excellence and service. Excellence, primarily in studies, and in every other thing that they set their minds to work in. Service, because unless the good that we receive is shared it will be a mere waste of good effort.

Over the 138 years of its existence College has donated generously to India and the world through human capital. The alumni who have gone on to make a positive impact on the world and India through their contributions in the fields of academics, politics, government, administration, social service, corporate governance, startups, and every other field of human endeavour is unparalleled by any other educational institution in India. This has been made possible by the sustained efforts in College to promote these two traits unconditionally.

b) College has started making an effort for continued relevance of its educational efforts through the introduction of new courses, an application for autonomy, and steps to respect the environment policy in small but significant steps like the thrust to make the College paper-free in administration and its concentrated efforts to make a plastic-free environment.

Dealing with Unequal India, short term courses on Public Policy, Sanskrit and a collaborative set of papers, workshops and academic exercises seek to enhance the academic relevance and purpose of a practical education. To this end, the College has also put in an application to the UGC for an autonomous status. The application, after a positive visit, by the UGC team is awaiting clearance.

St Stephen's College is one of the oldest institutions under the University of Delhi, predating the University by almost four decades. One of the enduring qualities that is practiced and which we hope to pass on to every generation is the respect for our environment. This has been ingrained through the consistent practice of simple but effective steps like (a) determined decisions to maintain open and green spaces - we have a built up area of only 28% of our land bank, (b) continued efforts to make the campus plastic-free and (c) a policy to help the environment by making our administrative work increasingly paper-free.

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

Provide the weblink of the institution in not more than 500 words

As an educational institution College aims to contribute to the development of human knowledge.

Over the 138 years of its existence College has donated generously to India and the world through human capital. The alumni who have gone on to make a positive impact on the world and India through their

contributions in the fields of academics, politics, government, administration, social service, social service, corporate governance, startups, and every other field of human endeavour is unparalleled by any other educational institution in India. This has been made possible by the sustained efforts in College to promote these two traits unconditionally.

St Stephen's College will continue to strive to add to human capital by helping every student passing through its portal realise his strengths and thereby add to the world's human capital.

8. Future Plans of action for next academic year (500 words)

- Facilitate the conduct of Conferences/Workshops/Seminars and Faculty Development Programmes by Departments.
- Strengthening the student networking by involving the alumni office and developing a system where students will be able to connect to a mentor and to promote mentorship and apprenticeship.
- Promote Interdisciplinary Interaction in college and revive the Faculty Lecture Series.
- Enhance Industry Involvement in college for the benefit of the students and faculty.
- Explore the option of having a recording studio in college so that lectures of general interest/related to the curriculum can be recorded and these lectures may then be uploaded on the website.
- Hold workshops on Mental Health/Neurodiversity/Welfare related issues for Faculty and Non-Teaching Staff.
- Conduct Digital Enhancement Programme for faculty and Non-Teaching staff.
- Strengthening of the Campus Placement Cell by increasing the Faculty Involvement.
- Formalize the Mentorship Programme in college.
- Start with the Public Lecture Series.
