Dear Sir/ Madam,

We are a startup working in the online-to-offline space. **Mallhopp** was Founded in 2015 by experienced professionals from Media, Digital and Consulting background.

Mallhopp aims to be India's largest mall/market discovery & navigation platform providing visual online access to thousands of stores across the popular malls and high-street markets. Mallhopp enables consumers to rediscover the joy of offline shopping while gaining access to the best deals and offers from your favorite stores and brands across the city.

In order to bolster our new initiatives, we are looking for bright and energetic interns from esteemed institutions like yours. With this background, we would like to explore opportunities to recruit winter interns from your college.

We have taken a similar initiative in summers 2016 and hired interns from NMIMS, USMS(GGSIPU), GTBIT etc. The program was very much appreciated with some of the interns got placed in some reputed organisation only because of the learnings they have during the internship.

At Mallhopp we believe that any internship is a peep into the corporate world for students to take decision on their careers. With this thought in mind have prepared an internship program for 2016 batch students. The details of this program is attached to this mail.

Request your assistance on how can we proceed. Looking forward to your response and hopeful for a longer term partnership with your college.

Please feel free to contact me on +91-8882589289 in case of any doubts or queries.
