Dear Sonal,

Greetings!

Just thought I would update you on the internship process. We have released internship offer letters for following two students.

1. Alwine J. Christine
2. Paridhi Agarwal

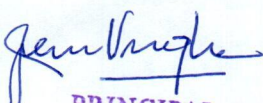

They will start their 6-week internship in Noida from 31 May 2018 and will be working in Math team. With this, we have completed the first round of hiring.

We are still hiring more interns for Commerce, Economics and English language teams. So, in case more students are interested, do share their resume/details with us.

Hello,

It was great speaking with you.

As discussed, we are looking for college ambassadors and we think you would be a great match.

Let us give you more information about ourselves and the company. We are LSE graduates who started two companies for college students in London and now getting them to India with our first office in Delhi. Please find the information below:

**Unexplored Worlds**

Our vision is to provide students and fellow travellers with the wonderful opportunity to travel around the exotic and less explored places in India, Nepal and Bhutan at budget friendly prices. We have well connected resources in each of these places which will allow you to experience them inside-out.

This organization is a brain child of two "London School of Economics and Political Science Alumni" who have travelled extensively around the world and are here to offer the same to every like minded individual.

**Your Role:**

College ambassadors would have to get the word out for our company and would be getting perks and work experience as discussed during the call. We would be working alongside you and would provide you with any marketing material that is required. You would also gain an insight to operations which is very helpful for your CV. You would also be remunerated in the form of finder's fee.

Feel free to call/email us if you have any questions.

Kind Regards

**Rahul Reddy**

Dear Sir,

It was a pleasure to have a discussion with you about this internship opportunity. The Campus Placement Cell of St. Stephen's College would like to invite **Unexplored Worlds** for our flagship event, the '**Internship Fair 2018**', popularly known as the '**I-Fair**'.

Page 10 of 32

The I-Fair is aimed at enabling companies to tap into the vast talent pool at St. Stephen's College and to give them an opportunity to identify and track suitable candidates for future placements, while at the same time, offering an opportunity to students to receive formal work-experience in the company/sector of their choice. Not just that, the fair creates an environment that allows aspiring entrepreneurs of our College to gain hands-on experience in the field of their preference.

Students recruited at the I-Fair will be available for internship during the summer break from end of May till mid-July and the winter break (December). Part-time internships which go on throughout the year are also accommodated.

During the I-Fair, which stretches from February to April, companies that register are allotted time slots on their preferred dates to conduct presentations, interviews, group discussions or tests relevant to the internship profile and thereby release a list of shortlisted and/or wait-listed candidates. Companies are free to conduct off-campus or on-campus processes as per their convenience. In case of the latter, they shall be charged a nominal fee of Rs.1000/- to account for administrative expenses.

Please find enclosed the brochure of the Campus Placement Cell for the academic year 2017-18. It enlists an extensive profile on our college and our students. Please do go through it and feel free to ask me for any further clarifications or information required regarding it or anything else, if at all. (especially pages 16 to 19)

We look forward to hosting **Unexplored Worlds** at the Internship Fair 2018. To further facilitate this internship procedure, I would request you to fill up our questionnaire [here](#).

Hi Ashnita,

It was tough to take a final call, given there were many interesting applications from St. Stephen's and elsewhere. For now, I have chosen two people who are best equipped to assist me at this point of time in my research. They are both from St. Stephen's: Shreya Gupta and Anubhav Agarwal. I have been in touch with them, and will be meeting them shortly.

Thanks for your cooperation all this while.

Warmly,
