## RESPIRE : PROSPRISE

Another year draws to a close. The magnitude of this statement is as profound as the promise it presented as it unfolded one day after another. The American writer Orison Swett Marden, said: 'Don't wait for extraordinary opportunities. Seize common occasions and make them great. Weak men wait for opportunities; strong men make them'.

At St Stephen's College, we can never be still. In this day and age, being extraordinary can only come from having the ability to recognize opportunities for growth and the wisdom to not just adapt, but to anticipate and embrace change. Let us celebrate the grit, determination and honest hard work put in by all the strong men and women who dared to believe that they had in them what it takes to be the best. It is this belief coupled with their tireless efforts that 2016-2017 turned out to be another significant year at college.

This booklet is a testimony of the myriad ways that our students, faculty, staff, alumni, defined; clearly proving that we are all connected by our commitment to give our best at and for St Stephen's College.
