

Radio Show on Empowering Education - Enactus

Azadi ka Amrit Mahotsav

The Enactus of St. Stephen's College, New Delhi telecasted a radio show on its social media platform on 17 February 2022 under the aegis of AKAM. Mr. Mathew K Thomas, a former Stephanian, renowned educational consultant and founder of All India Educators Forum was invited to the radio show to speak on the topic Empowering Educators.

He enlightened the audience by telling the importance of educators to be empowered, benefits of NEP, how important teacher's training is and the role of education and educators in our freedom struggle. He revisited his college days and exhorted the students to work for the well being of the society. With the country completing 75 glorious years of independence, it's extremely important to understand how independent India is taking strides to move forward in the field of education, which not only helps in the holistic development of the country but also eliminates all other social evils that might plague us.

Enactus of St. Stephen's College, through their celebration of Aazadi ka Amrit Mohatsav has done exactly that.
