

Journey of Social Entrepreneurship in India – Enactus, St. Stephen’s College

Azadi ka Amrit Mahotsav

The Enactus of St. Stephen’s College held an online audio-visual activity for the first-year junior members, on the occasion of Azadi Ka Amrit Mohotsav.

The Junior Members were asked to send in their opinion videos on India's Entrepreneurial Journey, Social Entrepreneurship and India's progress in Entrepreneurship and Business Development in the Pre-independence Era.

These recorded clips were compiled into an educational video and released on social media on 19th April 2022. Not only did this help students understand the economic progress that the independence has ushered in, but also helped them hold competitive studies.

They understood the various aspects of independent India and strongly spoke out about them in their videos.
