

The Annual Report
The Yearbook Team
September 2020 - May 2021

6th May 2021

The first and foremost objective of the Yearbook Team is to document and immortalize every aspect of college, each year. This academic year, the team started operations in the month of September 2020. The team had two tasks ahead of them. First, navigating, compiling and releasing a yearbook in a completely online mode. Never having operated in a fully online setting, it was a process of learning for every executive member. The second was releasing Yearbook 2020, which due to logistical delays had been stalled.

The society began by recruiting Second Year and Third Year junior members to the five departments of the society- the Design Team, the Photography Team, the Editorial Team, the Creative Team and the Illustration Team in September 2020. The teams were efficiently led by their respective heads, who were selected by the Executive Council of 2019-20.

Subsequently, as newly inducted First Year junior members joined college, we invited them to join the society with an Orientation in November 2020, where we explained to them the functioning of the society and answered queries they had. We also recruited first-year members into the above-mentioned departments in the same month. Their contributions to the society have been indispensable. Inducted members were instrumental in designing Yearbook 2020 while simultaneously also working with the various verticals on Yearbook 2021.

In the Odd Semester, the main focus of the Team was to finish the section of the graduating batch's one-liners, work and plan out fillers and illustrations, conduct interviews of faculty members and students and send out notifications asking for contributions from various societies and classes. Collaborations with the Music Society and Poetry Society were also planned and successfully finalised. Similarly, in the Even Semester, the Editorial Team worked on editing the writeups submitted by various classes and societies as the Photography Team collected screenshots to make up for the lack of on-campus group photos. The layout of the Yearbook was decided as design work began in full swing.

The Yearbook 2020, which could not be completed in the academic year of 2019-20 due to the COVID-19 lockdown, was completed by February 2021 by the current Executive Council under the supervision of Dr Aditya Pratap Deo and is set to be released by the end of May 2021.

The decision to print Yearbook 2020-21 was taken in January and as of the present day, we are in the process of submitting the final design and printing the yearbook with Gondals Press India Ltd. We aim to complete the printing and delivery of the yearbooks by the end of May 2021.
