

ENABLING UNIT, ST. STEPHEN'S COLLEGE ANNUAL REPORT 2021-22

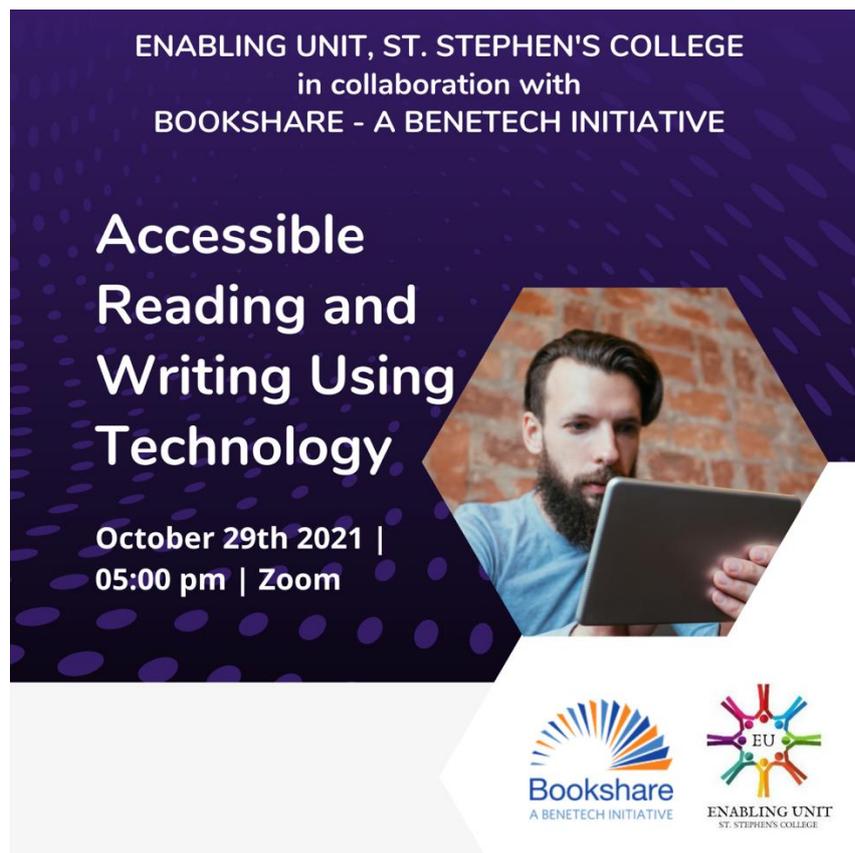

Major events of the society held were as follows:

1. Webinar on 'Accessible Reading and Writing using Technology'

Enabling Unit in collaboration with Bookshare, a Benetech Initiative, conducted a webinar on 'Accessible Reading and Writing using Technology'.

The use of technology to enhance learning is an effective approach for many students with disabilities. Additionally, students with disabilities often experience greater success when they are allowed to use their abilities (strengths) to work around their disabilities (challenges).

We conducted this webinar to develop understanding amongst the visually impaired students as to how technology supports accessible reading and writing.

2. Orientation

We conducted our society orientation online on 25th January 2022 as a method of induction for fresh students into the society. It was attended by around 30 students.

3. Drishtikon 2022

Enabling Unit organized the 13th edition of Drishtikon, our annual event for the Pwd students of our college on 12th April 2022. Unlike other years, this year the Drishtikon was held intra-college. We saw active participation from the Pwd students of our college. There were around 10 participants in Drishtikon 2022. The event comprised of a series of competitive activities such as creative writing competition, quiz, extempore and talent hunt.

4. Arranging scribes for the PwD students throughout the year

Enabling Unit arranges scribes for all those students who require help to write their class tests and university examinations.
