THE SYMPOSIUM

Manishankar Aiyer

Politics is a cornerstone in the socialistic system and is at the core of this country. Every year, the Leadership Cell aims to provide the foundational elements of politics to the students in the college community, in order to raise awareness about the structure and roles politics performs in their lives.

We invite faces from diverging political backgrounds to brainstorm policies and strategies that reign the current discourse of events and also provide a forum to the audience to express their views.

EFFECTIVE LEADERSHIP IS NOT ABOUT MAKING SPEECHES OR BEING LIKED; LEADERSHIP IS DEFINED BY RESULTS NOT ATTRIBUTES.

—PETER DRUCKER

On February 27th 2020, we were honoured to host Mr. Mani Shankar Aiyar, an Indian politician and a career civil servant diplomat. He was a Rajya Sabha nominated member of parliament for the Indian National Congress Party.

As a befitting closure to a great academic session our Dialog 2021, was the harbinger of a new zeal and gusto with which we marked the beginning of another scholastic year. We had the pleasure to have an interactive evening (offline) with a widely known person among the student community . We were delighted by the presence of Ms. Tina Dabi, on March 6th 2021.

An IAS officer from the 2016 batch, she secured All India Rank One in the exam. She is currently the Joint Secretary for Finance (Tax) to the Rajasthan Govt and Honorary Advisor to the BRICS Chamber of Commerce and Industry YLP.

She joined us for a discourse about college life at DU and her preparation for the IAS Exam. An inside look at the lives and schedule of an AIR 1 provided the audience with some brilliant ideas to adopt into their daily routines.

MOVING AHEAD WITH GUSTO
FUTURE PLANS

The Leadership Conference is one of the flagship events of the society wherein we host eminent personalities from various fields to form a common platform for discourse and discussions. We aim to conduct the same in the even semester in the beginning of the year 2022.

The Leadership Conference

It is an annual event of the society where we host prominent lawmakers or decisions makers of the government and the country for sessions in college. This is a chance and opportunity for the audience to interact, understand and see the nuances that go into the formulation of laws, policies and general working of a country and democracy. The Dialog is conducted in the even semester.

The Dialog

The Public Policy Program is something we would want to venture into in the coming year. The idea behind it is to conduct a live project in collaboration with eminent public policy framers of the country. The audience and participants will get a first hand chance to see the nuance of a policy formation and how the decision makers of the country analyse, plan and formulate.

Public Policy Program

It is a tradition of the society where a bunch of curious minds set out on a journey to visit the Lok Sabha, the Temple of Democracy. This event mainly focuses on deepening the students' understanding of government process while attempting to bridge the prevalent disconnect they have with the system by actually helping them view it live. The visit, though planned for 20-19-20, had to be laid on hold due to security reasons. We aim to do so in the coming year.

Parliament Visit

Lokniti

To give the students a taste of the Indian parliament, the society will organize a Youth Parliament this year. The main aim behind this would be to provide a platform that enables young people to be effective and expressive agents of change.

It would focus on various agendas related with the nation and help the students to conceptualize and execute their own projects and initiatives working with sociocultural, economic, legal and environmental issues they are passionate about in an environment that is solely established in order to execute it.

The Lokniti is a powerful forum to discuss public policy with the experts in the field. The year 2018-19 saw the eminent Shri. Rajiv Mehrishi, the Controller and Auditor General of India (CAG) .

In the year 2019-20, though we had planned and organized the event, the unprecedented situation due to the pandemic pulled us back. However, in the coming year we plan to continue hosting the same as one of our flagship events with eminent speakers to motivate us.

Youth Parliament

Plan of ACTION

2021-2022

- Our plans for this year will first and foremost be to extend our reach throughout the college circuit via social media platforms.
- Along with this we will be conducting all of our flagship events with the addition of several others like moot courts, paper presentations, speech and policy building competitions, discussions, talks with eminent professors, and leaders etc.
- We are making the best of what we have during the lock down periods and gearing up with great determination and a bag full of plans to take on the coming session.
