

# Dean Residence

---

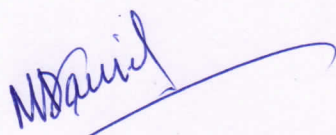

## NOTICE

**07/07/2022**

The following third-year students have been allotted residence for the academic year 2022-23.

Due to the extensive nature of the maintenance work taking place in the residential blocks, the allotment of residence facilities for the third-year students have unfortunately been put off for the time being.

The third-year students who have been selected for residence will be allotted their rooms tentatively towards the later part of September, 2022. This is a tentative timeline, and so they are requested to find temporary accommodation during this time period. The inconvenience to the students is deeply regretted.

  
**Dean (Residence)**
